

"UltraLav" VIP Portable Restroom Trailer

The Ultralav has 1 restroom stall and 1 hand-wash stations for women, 1 restroom stall, 1 urinal and 1 hand-wash-station for men and an ADA complaint restroom with 1 hand-wash station. Mirrors, Soap-hand sanitizers, Paper Towels, Waste Receptacles, Linoleum Floors, Flushing toilets, and running water in the sink make this the ultimate luxury lavatory!

Power Needed: Access to main power source within 100' of the facility location as well as one-50amp circuit for the winter months and 2-20 Amp circuits for the summer. Three standard 3-prong outlets are required. If no power is available a 6500-watt generator can be used which must be provided by the customer, or Vail Honeywagon will provide at additional costs.

Water Needed: Access to a water source with a minimum of 30-50 PSI within 50' of the unit is required. A standard minimum 3/4" garden hose fitting is required for water service to the trailer. If power and/or water is not accessible when the trailer is delivered, an additional trip charge may apply for Vail Honeywagon personnel to come back out to the site and test the power and/or water functionality with the trailer. Water tanks can be provided by Vail Honeywagon at additional costs.
